Redwood City 2020 Tuesday Tidbits

Inside this edition: Tuesday Tidbits, President's Breakfast, and Safe Routes to School

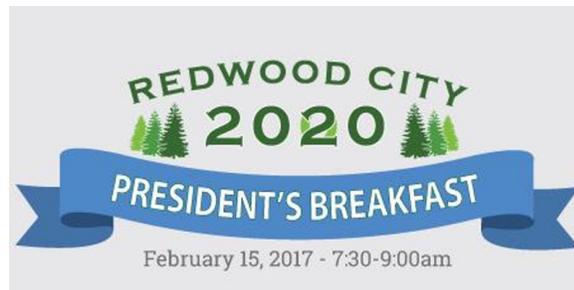

Tuesday Tidbits Are Back!

We're excited to relaunch our Tuesday Tidbits this week to keep you informed on the latest news and information about [Redwood City 2020](#) programs. These updates are intended to be a blend of both community-facing initiative updates as well as partner-relevant news and opportunities.

We would love to incorporate your input on the type of content you would find most useful into upcoming Tuesday Tidbits. Please let us know if there are any topics or specific project areas you would be most interested to receive more information or updates about by filling out this [1 minute survey](#), or by emailing us at rwc2020@gmail.com. We also welcome any feedback or questions about the current content!

President's Breakfast

Thank you to everyone who participated in our inaugural President's Breakfast event on February 15th! We held this event to bring together our partners and members of the community to raise funds for Redwood City 2020 and launch our [Friends of Redwood City 2020](#) program. We were thrilled to see the level of energy and support for Redwood City 2020's initiatives and also surpassed our fundraising goal for this event - thank you! We're deeply grateful for your support.

For those of you not yet familiar with [Friends of Redwood City 2020](#), it's an opportunity for individuals and businesses to join us to support our vision that all people living in Redwood City and North Fair Oaks are healthy, safe, and successful. Members join by making an annual contribution and / or providing in-kind services or goods, offering volunteer time, or providing technical assistance.

If you would like to learn more and join Friends of Redwood City 2020, please visit the [sign up page](#) for more details.

Safe Routes to School Featured in State of the City Address

The [SPOKES](#) program, a partnership of the Redwood City 2020 Safe Routes to School Program and the City of Redwood City Parks, Recreation and Community Services, was recently featured in Redwood City's [State of the City Address](#), the yearly city review led by Redwood City's Mayor and City Council.

City Council member Alicia Aguirre spoke about the great experience 10-year-old SPOKES program participant Maria Vera has had with the program. Maria Vera recently came to the United States and has loved getting to learn how she can safely bike to and from school in the program, learning details about how bicycles work and how to repair them, and sharing everything she's learning with her brothers at home.

Maria's story is one example of how empowering the SPOKES and broader [Safe Routes to School](#) program can be for students, especially those navigating a completely new environment.
