BIT.DO/DREAMCLUBDINNER
6:00-8:30 P.M. In New Gym

On behalf of our partners at the Dream Club of Sequoia High School and the Immigrant Youth Action Team, Redwood City 2020 cordially invites you to the 8th annual Making Dreams Come True dinner! The Dream Club was founded to raise awareness about the challenges faced by undocumented youth and to build a community of belonging and support, regardless of immigration status.

The Dream Club dinner will be an opportunity to learn about the hurdles and strengths of the undocumented youth community - and will serve as an event to raise scholarship money for students in the Dream Club to

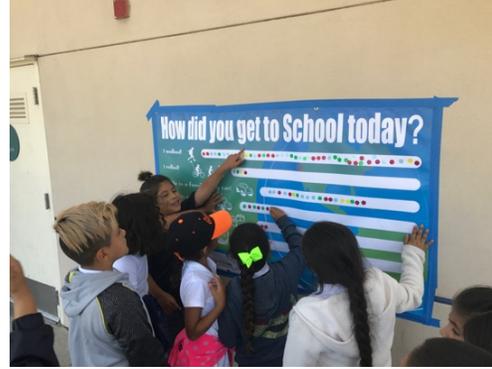

attend college. At the event, Dream Club students will perform theater pieces about their immigration stories, share visual art, and facilitate dialogue among event participants.

The Making Dreams Come True dinner will be held on Friday, November 17th at 6pm in the New Gym at Sequoia High School and all proceeds will go to the Dream Club Scholarship Fund. English and Spanish interpretation will be available and on-site childcare will be provided for children under 10 years of age. Tickets are available for purchase at the following link and will be available at the door. We hope to see you there!

Redwood City School District Students Walk, Bike, Roll, and Take Transit to Participate in International Walk to School Day

On October 4, 2017, students, families, and teachers across the Redwood City School District walked, biked, rolled, or took transit to

participate in this year's International Walk to School Day, supported by Redwood City 2020's Safe Routes to School program. International Walk to School Day is an annual event that promotes health and wellness by encouraging and celebrating families and students who walk to school or take a mode besides a private car. Eleven schools actively participated in this year's event, at which families or school staff organized walking groups, handed out incentives such as stickers and pencils, had students fill out "mode chart" banners, or took classroom tallies.

This year, schools reported 1,413 students getting to school either by foot, bike, scooter, skateboard, or bus. Some classrooms showed participation rates as high as 85%. This event is meant to launch schools into Safe Routes to School programming for the year, which includes walking school buses, bicycle and pedestrian education, and action oriented discussions on enhancing the safety of students and families near schools.

Taco and Ice Cream Social Event Celebrates Friends and Sponsors

Recently, Redwood City 2020 hosted a Taco & Ice Cream Social event celebrating friends and sponsors of Redwood City 2020. At this social event generously sponsored by the Sequoia Healthcare District and Petinelli Financial Partners, current Friends of Redwood City 2020, sponsors, and their guests enjoyed a delicious taco dinner and ice cream dessert while meeting and networking

with members of Redwood City 2020's leadership teams. Redwood City 2020 thanks all friends and sponsors for their tremendous support of our collective vision that all people living in Redwood City and North Fair Oaks are healthy, safe and successful. Partners' support is vital to helping Redwood City 2020 achieve our goals to reduce the impact of poverty, improve the academic success of students, promote community health and wellness, increase community engagement, and enhance safety. To learn more about the Friends of Redwood City 2020 program or to become a sponsor, please contact: rwc2020@gmail.com.
